Brief Analysis
UI Time Lapse Benefit Payment Data (14/21 Days)
for Quarter Ending September 30, 1994

COMPARATIVE WORKLOAD.

**Initial Claims - Regular State and Federal UC Programs:**

For the period shown above, initial claims workload **increased** in three categories (Interstate, UCFE and UCX) and **decreased** in one category (Intrastate) when compared to the prior quarter (quarter ending June 30, 1994). The UCX category had the largest **increase** of 15.4 percent. UCFE claims **increased** by 6.1 percent. Interstate claims **increased** by 5.8 percent. On the other hand, Intrastate claims had a slight **decrease** of 1.6 percent.

When compared to the same quarter last year, there were **decreases** in all of the four first payment categories. The UCX category had the largest **decrease** of 15.8 percent. Interstate initial claims workload **decreased** by 11.2 percent. UCFE claims **decreased** by 2.6 percent. Intrastate claims **decreased** by 2.2 percent.

**Initial Claims - EUC Program:**

Although the EUC program has ended, all States will continue to report non-zero data for twelve full months or four full quarters after the last payable week of the EUC program. However, as anticipated because the program has ended, there were tremendous **decreases** for the quarter ending September 30, 1994 in all of the four payment categories of the EUC initial claims workload (Intrastate, Interstate, UCFE, and UCX) when compared to the prior quarter. The Intrastate category **decreased** 74.6 percent. The Interstate category **decreased** 60.5 percent. The UCFE category **decreased** 91.1 percent. The UCX category **decreased** 86.4 percent.

When compared to the same quarter last year, there were also tremendous **decreases** in all four categories. These **decreases** were as follows: Intrastate by 99.9 percent; Interstate by 97.3 percent; and UCFE and UCX EUC initial claims each **decreased** by 100 percent.

**Continued Claims - EUC Program:**

There were also very large **decreases** this quarter in EUC continued claims workload (as anticipated) in each of the four categories (Intrastate, Interstate, UCFE, and UCX) when compared to the prior quarter. These **decreases** were as follows: Intrastate by 98.9 percent; Interstate by 97.2 percent; UCFE by 97.0 percent; and UCX by 98.2 percent.

When compared to the same quarter last year, there were also very large **decreases** in all four categories. These **decreases** were as follows: Intrastate, UCFE and UCX by 99.9 percent; and Interstate by 99.8 percent.

INITIAL CLAIMS PERFORMANCE.

For the quarter ending September 30, 1994, national averages for 14/21 days time lapse exceeded the appropriate Secretary's Standard (SS) or Desired Level of Achievement (DLA) for initial claims promptness in all of the four first payment categories (Intrastate, Interstate, UCFE, and UCX). However, there were slight **decreases** in performance in three of the payment categories. Intrastate **decreased** in performance by less than one percentage point. The Interstate category had a **decrease** of 1.5 percentage points. The UCFE category had a **decrease** in performance of 1.4 percentage points. There was no change in the UCX category.

When compared to the same quarter last year, all four categories (Intrastate, Interstate, UCFE and UCX) showed some **increase** in performance of first payment time lapse. Intrastate and UCX each had an **increase** in performance of less than one percentage point. Interstate and UCFE each had an **increase** of 1.5 percentage points.

In terms of the number of States achieving the SS/DLAs, benefit payment performance **decreased** this quarter in three of the four categories (Intrastate, UCFE and UCX). Intrastate **decreased** by 2 States. UCFE and UCX **decreased** by 1 State each. The Interstate category, on the other hand, **increased** by 2 States.

For the Intrastate first payment category, only 5 States did not meet the SS/DLA (87.0%) this quarter. Those States are as follows:

| | | |
|---|---|---|
| 1. | Virgin Islands | 00.0% |
| 2. | Alaska | 61.9% |
| 3. | New Hampshire | 78.8% |
| 4. | Arkansas | 86.1% |
| 5. | Montana | 86.6% |

When comparing the number of States achieving the SS/DLAs to the same quarter last year, benefit payment performance **increased** in three of the four categories. The Intrastate category **increased** by 4 States. The Interstate category **increased** by 8 States. The UCX category **increased** by 2 States. The UCFE category, on the other hand, **decreased** by 2 States.
